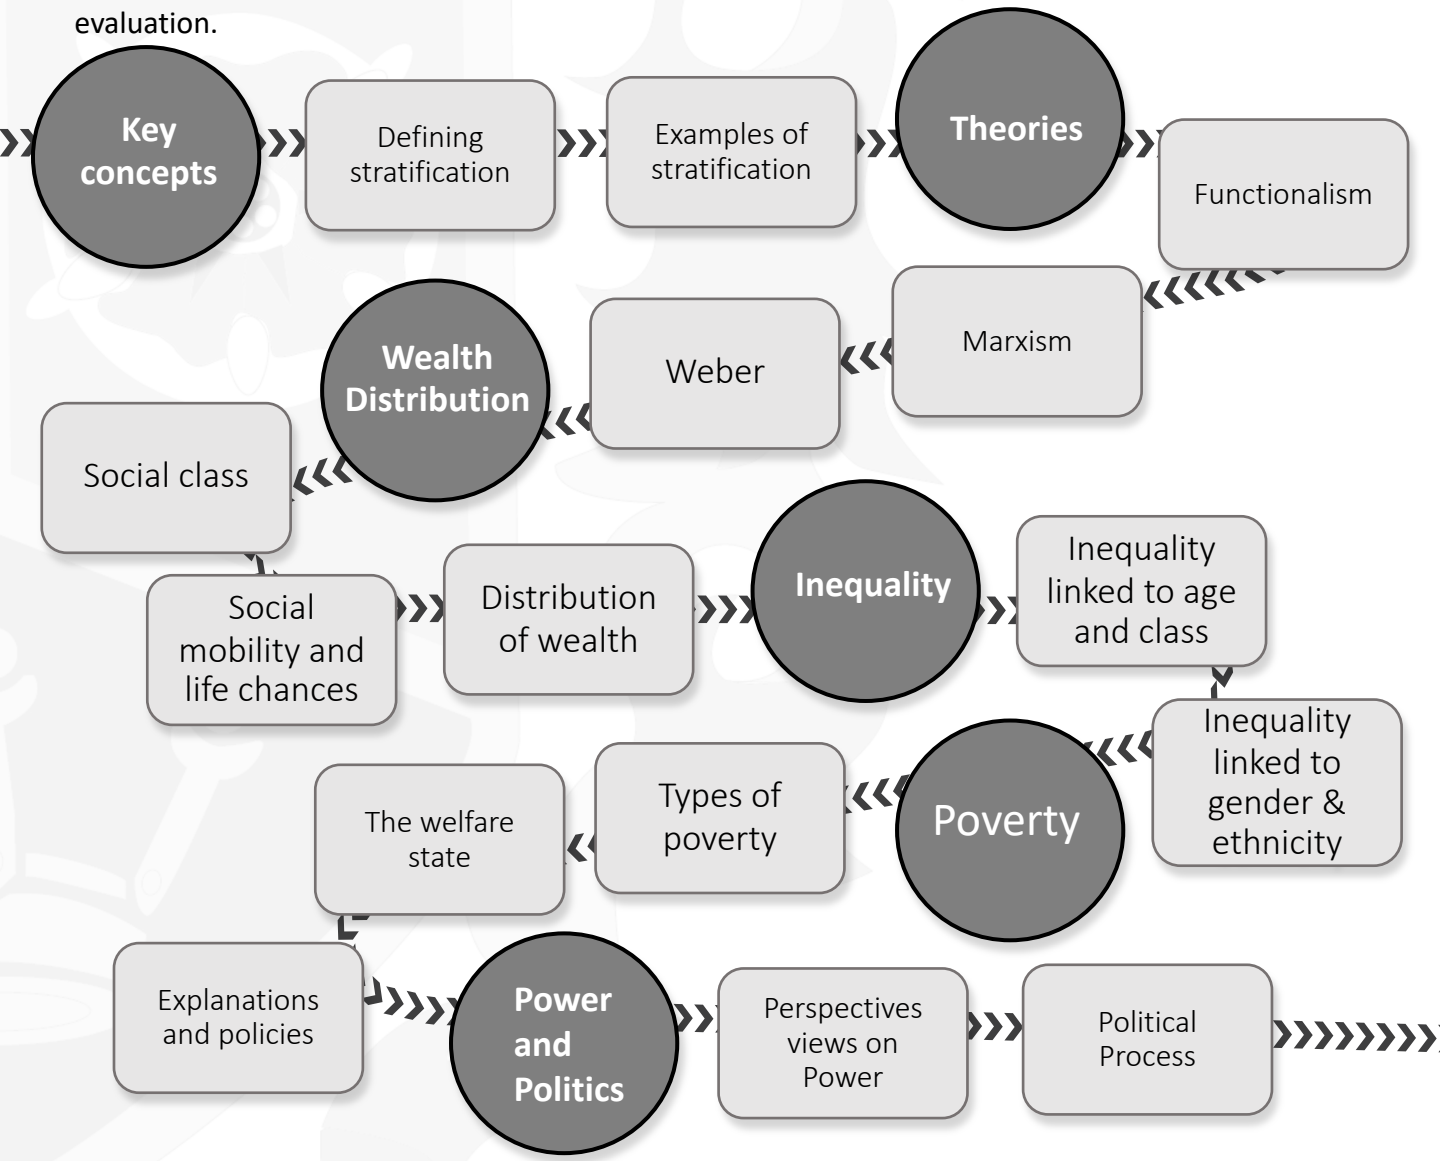
LEARNING JOURNEY Sociology

Social Stratification

Year 11 Autumn Term

This topic will develop awareness of different strata's in society and how multiple factors can impact someone's life chances. This unit is synoptic and builds on theoretical and conceptual knowledge from earlier units allowing you to develop your sociological understanding to greater depth. You will learn to navigate complex societal and moral debates using critical analysis and evaluation.



TUDOR HABITS AND VALUES: This topic will develop your integrity. Looking at debates on inequality in society will help you to stand up for what is right and navigate factors such as peer pressure and apathy.

VOCABULARY: Social stratification , feudalism, power, status, authority, absolute poverty, relative poverty, agism, racism, pluralism, pressure groups, democracy, first past post, social mobility, income, deprivation index, welfare state, inequality.
